G Bamaca Case

We have been in touch with people at NSC, State, and Justice several times during the past week to discuss recently acquired intelligence [REDACTED] in the 1992 murder of guerrilla leader Efraim Bamaca Velazquez.

[REDACTED] You may tell SECSTATE that we believe a demarche to the Guatemalan President can be delivered.

[REDACTED] You may also tell SECSTATE that we intend to brief our intelligence oversight committees as soon as possible. NSC has suggested that this be a joint intelligence-policy briefing, which is fine with us.

[REDACTED] You will recall that the wife is a US citizen, who has held several high profile meetings with US officials to discuss the case.
